When we finally decided to purchase a property in Turkey we did some research on the internet and came across Deep Blue Villas website, we eventually contacted Richard and the process of buying in Turkey got under way. Right from the word go he made us feel very comfortable with the whole process, Richard gave us an in depth knowledge of all the little extras there would be, so we finally decided to visit Turkey in October 2007 and met up with Fatih. After Fatih showed us several properties we finally decided on buying a resale property which needed some renovation, I must say once we said yes to buying the property Fatih sorted every little detail out for us including the solicitor, buying the furniture, renovation and the renovation costs, we could not fault the whole process of buying a property in Turkey with this company, they have made it very simple. Thank you Richard & Fatih.

We would like to thank Fatih from Deep Blue Villas for his advice and help. We have just signed for an apartment in Torba, a lovely quiet area quite near the bustling town of Bodrum. Fatih was always available and showed us a range of apartments in our price range. He knew exactly what we were looking for and did not try to sell us anything outside our budget. He was always on call and nothing was ever too much trouble. He guided us through the legal mine fields and was even at the airport at 2.00am to meet us off the flight from home! Having Richard from Deep Blue Villas in the U.K was a great asset. It was reassuring to have someone at the end of a phone line in U.K to answer any queries. If anyone is thinking of buying a property in Turkey we would highly recommend they do so through Deep Blue Villas. They give expert advice and are friendly, reliable and trustworthy.

I can't believe it. I can't wait to see the house and site again. It is such a beautiful location and such a peaceful area.

Thanks for everything - you have been so good, very efficient and trustworthy. It was a big step for me to send someone I only met with last October such a large amount of money. You have been very good to deal with, honest, always ready to answer any questions, offer help and advice. I couldn't have bought this house without you. Thank you.

I will advise anyone that wants to buy in Bodrum area to contact you, your service is excellent.

Thanks again,

Terry

I am writing to thank you for your after-sales service. After giving me the keys to my villa you tirelessly obtained quotes from various builders, plumbers and electricians - each of whom you met on site and explained the work that I wanted to be done. You scrutinized the work that had been carried out to ensure it was to a high standard, and you resolved issues where necessary. Afterwards, when I needed to buy furniture and white goods, you spent time scouring numerous shops advising me which ones had special offers for each item. You did not charge anything for your time and you genuinely worked very hard to simplify everything for me. You've been very helpful and I sincerely appreciate your efforts.

Kind regards

Suleman

We would like to advise anyone who is thinking of buying a home in Turkey and concerned about buying abroad, sending money to almost a stranger and worried that there will be problems that you are unable to sort because you are back in the UK.....worry no more.

We went to Turkey and met with Fatih, who not only made us feel very comfortable in his company but gave us a great insight into how Turkish people are very honourable and trustworthy and in the process of buying our home and having it renovated, found all this to be true. Nothing has been too much trouble and every step of the way we have been advised and sent progress photos.

But this company does not just operate from Turkey, in the UK we have been so impressed by the first class service and contact from Richard. Again nothing has been too much trouble and the level of help and advice, not only in the early days before we went to Turkey but in every step of the process since.

We sincerely, recommend this company for assisting us to buy our Dream Home In The Sun without the headache.

To whom it may concern,

I have found Fatih extremely helpful throughout the time I was purchasing my property in Turkey. He was able to organise many properties for me to view in my price range. He organised builders to renovate the property I purchased in the end and oversaw the building progress. Even after the completion, Fatih has been no end of help to me with regards to payments of taxes and complex management fees etc. It would have been a big struggle to sort everything out myself. I very much recommend Fatih as a competent and honest Agent.

Yours faithfully,

Fay Fraser

Thanks for all the extra effort and can-do attitude you and Fatih have demonstrated during our search for a property in Turkey.

When I visited the Bodrum peninsula in June, the local property knowledge provided by Fatih proved wholly reliable and accurate. And, on several occasions since my visit, we have phoned you with issues that could have become complicated and much more time consuming (or even impossible) if we had attempted to see them through from the UK. Instead, your support, and Fatih's, locally has enabled such matters to be resolved without fuss. I mean for example liaison with the builder and the lawyer, overcoming language problems at all times, selecting furniture and kitchen goods, etc.

Kind Regards,

Bob and Shona

Lindsay, Kevin and I would like to thank you very much for everything that you have done for us in getting our property in your country. We just feel that you have been more than kind and helpful to us. For your thoughtfulness and the nice things you do, thank you very much.

What a great time we had viewing property in Turkey. Fatih took such pains to look after us and make sure the process ran smoothly. He knew our budget and didn't try and show us properties we couldn't afford and when we found one we wanted to buy, he held our hands through the process. No hard sell, just a really enjoyable experience.

Having Richard as a UK contact ensured that we were confident that our trip was well arranged and that our requirements had been passed on effectively. We can't wait to now organise our refurbishment for our villa. We would recommend Deep Blue Villas to anyone looking to buy in Turkey.
